NRECKED BY USING DRUGS, **HE WARNS OTHER YOUNG MEN**

Bert Murray, at City Hospital, Says Curiosity to "Smoke Hop" and He "Sporty" Started Mis Troubles.

Bert Murray, who says he is the son of a physician and who gives his former resi-dence as No. 4012 West Belle place, is at the City Hospital, where he was taken for nent for the morphine and cocaine

Murray was in the custody of the police and is weak and emaclated from constant use of the drugs. He is regarded as a sad example of what curiosity in the way of trying the effects of insidious drugs may ng the experimenter to.

rray says the habit which has ruined him is the result of trying the effect of "hitting the pipe." He visited Hop Alley and had his first "hop" smoke in one of the dens there. He liked it, became a frent visitor and finally an habitue.

"I attribute my present condition entirely sity," said Murray at the City Hos-"I had heard of the delightful sen-

pital. "I had heard of the delightful sensations experienced by the oplum smoker and I tried 'smoking hop' to find out if the statements were true. I learned that oplum was more seductive than I hid even imagined, and I fell a victim to the use of it. I began in Hop Alley.

"Tinally 'hop' falled to satisfy me and I tried morphine. This was more powerful and I abandoned the 'hop.' After a time I found the effect of morphine waning and tried cocaine. This is the most powerful place' that a flend can use. It is also the most enervating and drags a man down faster than any of them. I believe a co-caine fiend would commit murder to get his 'dope' if it could be gotten no other way.

"I am well connected in St. Louis and I intend to quit the habit if possible. I hope my case may be a warning to any young fellow who 'thinks it is 'sporty' to go the limit and try everything that comes along. I am only 22 years old, but I am a wreck. A desire to be 'sporty' and 'do anything once,' as the expression goes, has landed me here, a charge on the city."

OTARY PUBLIC. JOSEPH F. FARISH,

JESSIE MORRISON MAY GET NEW TRIAL.

Appeal Will Be Taken to United States Supreme Court on Constitutional Ground.

HAS BEEN CONVICTED TWICE.

Plea Will Be Made That She Could Not Be Found Guilty of Murder After Being Sentenced for Manslaughter.

REPUBLIC SPECIAL Topeka, Kas., Aug. 20 .- The Jessie Merrimurder case will be appealed to the United States Supreme Court. Judge A. L. Redden of Topeka is now preparing the papers. He believes he has raised a constiutional question which will enable him to get a hearing in the court of last resort in this country.

Miss Morrison was tried three times. The first jury disagreed. The second convicted her of mansiaughter, and she was sen-tenced to five years in prison. This verdict was upset by the State Supreme Court. The third jury convicted her of murder, and she was sentenced to twenty-five years in prison. The Supreme Court affirmed this decision. She is now in the Penitentiary. In his appeal to the United States Court Judge Redden will raise the point that a person charged with a crime, when once convicted and sentenced and the case is reversed, cannot be convicted of a higher crime at a subsequent trial than that of which he was first convicted. In other words, Miss Morrison, being convicted of manslaughter first, could not be convicted of a higher crime afterwards. The supreme courts of several States have laid down this rule as law.

New York, Aug. 20.-Edward M. In his remarks to the court Mr. Shepard said that for many years the Daily News was run at a profit of \$100,000 a year and that the year before Mr. Munsey acquired possession the News made a net profit of \$72,000 and had in its treasury \$90,000.

"Now," said Mr. Shepard, "that \$30,000 has vanished and the paper owes \$25,000."

Mr. Rushmore, counsel for Mr. Munsey, said that the sale should not be enjoined. He said the paper was wrecked before Mr. Munsey acquired Mrs. Wood's stock. Decision was reserved.

ASKS REVIEW OF DECISION Collector Gallencamp Desires Rul

ing on Tariff Question. The United States Attorney yesterday filed a petition for Judge Charles F. Gallenkamp, Collector of the Port at St. Louis, in the office of the Clerk of the United States Circuit Court, which is a matter of importance to the commercial world.

The petition asking a review of the decision rendered July 27 last by the Board

of General Appraisers in New York on a matter pertaining to the rate of duties assessed against certain artificial rubles, matter pertaining to the rate of duties assessed against certain artificial rubles, which were imported through the port of St. Louis, July 23.

Judge Gallenkamp, as Collector of the Port, classified artificial rubles as "non-enumerated manufactured articles" under section 6 of the Dingley tariff law, and charged against them a rate of duty 20 percentum ad valorem. To this action of the Collector Mermod & Jaccard a year ago protested, and the matter was certified to the Board of General Appraisers at New York. It was finally passed upon July 27 of this year, with an opinion by Devries, General Appraiser, reversing the decision of Judge Gallenkamp and holding that such reconstructed rubles should be classified under paragraph 435, section 1 of the tariff act "as precious stones advanced in condition or value from their natural state by cleaving, splitting, etc." or "as precious stones composed of glass or paste, etc." and assessed at 10 per centum ad valorem, or that they should be classified under section 7 of the tariff act.

This ruling is important, as it is the first had under this clause of the tariff act, and may mean a good many thousand dollars to the Government.

The Becretary of the Treasury ordered Judge Gallenkamp to appeal and have the matter reviewed by the United States Circuit Court in order to settle the law question involved. Hence the proceedings.
